

Mr. Joseph Douger.

1277-43rd St.

Brooklyn
N.Y.

Danbury N. H.
May - 7 - 1917

Dear Parents; -

Just a few lines to
let you know that I am
feeling fine also hoping
to hear the same from you.

The vaccination certainly
is taking on me my arm
itches, and it is a little
swollen, but it is getting
better.

There is nothing new
to write about because
I have written all that
there is to be written

Priv. Daniel Douger.
Co. H. 64th Mass. Inf.
Danbury
N.H.

about the place where
I am and we do the
same thing over and over
again it is a snap.

I read in the paper that
they are going to raise
the pay for the soldiers in
the army if that is the
case I'll get about
\$36.00 a month.

In Mass. they pass a
law giving every soldier
\$10.00 a month beside the
government pay, that
would make \$46.00 a month,
but, when are we going
to get it.

We are not going to be
here long only about two
more weeks or so, that
is what I heard, and
when we leave we will
go to Ayer Junction, but
I don't know how true
it is.

I wish it was payday
I'm broke and I need I
money.

How's things in New York.
Grandma writes me that
when I come back she
will make a party for
me.

I received your card, and
please don't send it to
Lowell, send it to
Danbury N. H. I get it
a day quicker.

Believe me a fellow
feels great when he gets
a letter from home.

Will not more news.
Hoping we get them
out of here soon.

Daniel Douglas
