Dear Parents:-

Your letter received and was glad to hear from you.

I get a package of fruit and candy every week from ^{the} Kaplan and to day I got a box of writing paper and envelopes and a book of 24 stamps, 1 dozen peaches, and candy and every week I get something.

Be sure and send me your pictures when you take them Dada & Dola because I would like to see them I wish you would all take pictures.

I don't amuse myself here because there is no place to amuse yourself we have to hang around the shack all day.

So you and ma will have to register well don't get scared you won't have to be red cross nurses unless you want to they couldn't force you.

I sent Hyman a letter last week
but I haven't heard from him yet, I also sent
Annie a letter and I got it back to day
because they couldn't find them, did they
move, if they did send me the address.

Wish you was in good health Dora.

Sarah is getting ready for the graduation
now, she writes me that she is going to
become a bookkeeper.

The river here has risen about 4 feet and
it is up to door now if it don't stop rising we
will have to get out, we stand on our knees
open the door and wash up, but it stopped raining
and the sun is out, and the river won't rise
any more, its hot here now.

Well no more news at present I sent
you a letter this morning.

Regards to every body and to Lorie

Answer soon.

Dan.
